

CITY OF NANTICOKE
2012 ACT 47 RECOVERY PLAN AMENDMENT

Introduction

The intent and purpose of this 2012 Act 47 Recovery Plan Amendment (“2012 Recovery Plan Amendment”) for the City of Nanticoke (“City”) is to update the City’s adopted 2010 Act 47 Recovery Plan Amendment (“2010 Recovery Plan Amendment”). The 2010 Recovery Plan Amendment contains financial projections through the calendar year 2013. However, since the adoption of the 2010 Recovery Plan Amendment, several governmental and financial events have occurred which have impacted the implementation of the City’s 2010 Recovery Plan Amendment.

- The City’s electorate approved a Government Study Commission in 2010 to examine the various forms of government available to the City, to recommend any changes, and if so desired, to develop a Home Rule charter for the City
- The Government Study Commission’s report in 2011 concluded that a Home Rule Charter should be drafted and presented to the electorate for approval in November 2011. Over 74% of the City’s voting electorate voted in favor of adopting the recommended Home Rule Charter. The Home Rule Charter became effective on January 1, 2012.
- Under the Home Rule Charter, the City government is organized under an elected Mayor, a five member Council, and an appointed City Administrator.
- The City’s 2013 operating budget is the first City operating budget prepared pursuant to the Home Rule Charter’s government and budget development tenets.
- The City has negotiated and approved collective bargaining agreements with its public works, clerical, and fire department employee representatives. The current Fraternal Order of Police Lodge #36, City of Nanticoke Police Officer’s Association (“FOP/POA”) collective bargaining agreement with the City expires on December 31, 2012. The City and the FOP/POA are currently proceeding through the arbitration process in accordance with the rules and timetables proscribed by Act 111 of 1968. Prior to the preparation and presentation of this 2012 Recovery Plan

Amendment, the City and FOP/POA have proceeded to arbitration under Act 111 and have designated their respective Issues in Dispute for purposes of the Act 111 process. It is not the intent of the Act 47 Coordinator to change the parties bargaining proposals or Issues in Dispute which have previously been identified in the pending police Act 111 process.

To account for these substantive governmental and financial events, the City has requested the Pennsylvania Economy League, the City's appointed Act 47 Plan Coordinator ("Act 47 Coordinator"), to update and establish financial projections for the years 2013 through 2016. Accordingly, this 2012 Recovery Plan Amendment prepared by the Act 47 Coordinator updates and establishes the City's financial projections for the years 2013 through 2016. Unless otherwise noted below, the City's 2013 operating budget will be used as the baseline for the financial projections contained in this 2012 Recovery Plan Amendment.

It is the Act 47 Coordinator's opinion that under the guidance of the City's original 2007 Recovery Plan ("2007 Recovery Plan") and the 2010 Recovery Plan Amendment the City's has achieved significant financial and administrative progress that has placed the City on the cusp of exiting the Commonwealth's municipalities financially distressed program. The Act 47 Coordinator commends all of the City's stakeholders—elected and appointed officials, employees and taxpayers—for their courage and cooperation in making difficult decisions over the past five years that have been the foundation of this progress. It is the Act 47 Coordinator's anticipation that this spirit of cooperation amongst the City's stakeholders will continue under the guidance of this 2012 Recovery Plan Amendment and that the Act 47 Coordinator will be able to revisit the City's financial condition in 2013 and provide the Commonwealth with a recommendation to rescind the Commonwealth's Act 47 Order declaring the City a financially distressed municipality.

2012 Recovery Plan Amendments

The amendments included in this 2012 Recovery Plan Amendment shall become effective upon passage by the Nanticoke City Council of an ordinance adopting this 2012 Recovery Plan Amendment and, unless expressly stated, the amendments shall cover the period

from the ordinance's effective date and beyond until amended by subsequent Recovery Plan amendments or the rescission of the City's financially distress status by the Commonwealth of Pennsylvania. Since it is not the intent of the Act 47 Coordinator to change the parties' bargaining proposals or Issues in Dispute in the pending Police Act 111 process, this 2012 Recovery Plan Amendment does not specifically include or change any of the Cost Containment Provisions contained in the 2010 Recovery Plan Amendment. It is the intent of this 2012 Recovery Plan Amendment that the Cost Containment Provisions contained in the 2010 Recovery Plan Amendment shall continue indefinitely until amended by subsequent Recovery Plan Amendments or the rescission of the City's financially distressed status by the Commonwealth of Pennsylvania. This 2012 Recovery Plan Amendment does not invalidate, impair, eliminate or diminish the provisions of the City's 2007 Recovery Plan or the 2010 Recovery Plan Amendment which are not included in this 2012 Recovery Plan Amendment.

Revenue

For the purposes of this 2012 Recovery Plan Amendment the assumptions used below were used by the Act 47 Coordinator in developing the City's 2013 through 2016 revenue projections for the City's General Fund operating budget.

- Real Estate Tax for General Fund. The City's General Fund real estate tax millage for 2012 is 3.057 mills and has been held constant for the years 2013 through 2016. The City's General Fund real estate millage rate shall be sufficient to alleviate any projected operating budgets deficits from 2013 through 2016.
- Real Estate Collection Rate. The collection rate for City real estate taxes has been held constant at 89.9 percent, the City's actual 2011 real estate tax collection rate.
- Debt Service Millage. The Debt Service millage rate has been held constant at the 2012 rate of 0.9827 mills for the years 2013 through 2016.
- Other Tax Rates. All other rates of taxation (e.g. local services, earned income, amusement, mercantile and business privilege, real estate transfer, per capita and resident) have been held constant at the 2012 established rates for the years 2013 through 2016.
- Fees for Services. All fees for City services have been held constant at the rates set for 2012.

- Refuse Collection Fee. The annual Refuse Collection Fee has been held constant at a yearly fee of \$235. The City accounts for this revenue in a separate Refuse Fund that is used for the purpose of paying the costs of the contracted service of refuse removal. The Refuse Fund reimburses the City for its direct costs of administering the refuse collection contract and fee collection
- TANs. In consultation with the Act 47 Coordinator, the City shall utilize Tax Anticipation Notes (TANs) only for the purpose of meeting single year cash flow requirements. All TANs shall be repaid as required by law.

Expenditures

For the purposes of this 2012 Recovery Plan Amendment the assumptions used below were used by the Act 47 Coordinator in developing the City's 2013 through 2016 expenditure projections for the City's General Fund operating budget.

- Number of Personnel. The number of personnel employed by the City has been held constant at the December 2012 workforce level. Included in the projection years 2013 through 2016 are the budgeted costs for five reserve/auxiliary police officers.
- Clerical Collective Bargaining Agreement ("Clerical CBA"). Since the City's adoption of the 2010 Recovery Plan Amendment, the City has negotiated and executed a collective bargaining agreement with its clerical employees belonging to the Brotherhood of Teamsters, Local 401. The Clerical CBA covers the City's white collar, non-professional employees. The Clerical CBA covers the term January 1, 2011, through December 31, 2013. The cost impact of the Clerical CBA is incorporated into PEL's projections through 2013. The clerical employee expenditure projections for the years 2014 through 2016 comply with the cost containment provisions included in the City's adopted 2010 Recovery Plan Amendment.
- Department of Public Works Collective Bargaining Agreement ("DPW CBA"). Since the City's adoption of the 2010 Recovery Plan Amendment, the City has negotiated and executed a collective bargaining agreement with its public works employees belonging to the Brotherhood of Teamsters, Local 401. The DPW CBA covers the City's blue collar, non-professional employees for the term April 1, 2011, through March 31, 2014. The cost impact of the DPW CBA is incorporated into PEL's projections through 2013. The public works

employee expenditure projections for the years 2014 through 2016 comply with the cost containment provisions included in the City's adopted 2010 Recovery Plan Amendment.

- Fire Department Collective Bargaining Agreement ("Fire CBA"). Since the City's adoption of the 2010 Recovery Plan Amendment, the City has negotiated and executed an Addendum to collective bargaining agreement with its firefighting employees belonging to the Local 2655 of the International Association of Firefighters. The Fire CBA covers the term January 1, 2009, through December 31, 2012. The Addendum extended the Fire CBA term to cover the period of January 1, 2009 through December 31, 2015. The cost impacts of the Addendum's terms are incorporated into PEL's projections from 2013 through 2015. The firefighter employee expenditure projections for 2016 comply with the cost containment provisions included in the City's adopted 2010 Recovery Plan Amendment.
- Police Department Collective Bargaining Agreement ("Police CBA"). The City's current collective bargaining agreement with its police employees covers the term January 1, 2009, through December 31, 2012. The City and the police employees bargaining representative, Fraternal Order of Police Lodge No. 3, City of Nanticoke Police Officers Association, are currently engaged in Act 111 of 1968 contract arbitration proceedings. The police employee projections for 2013 through 2016 comply with the cost containment provisions included in the City's adopted 2010 Recovery Plan Amendment.
- Salaries for Non-Represented Employees. Salaries for non-represented City employees are projected at the levels granted under the comparative collective bargaining units. Thus, non-represented administration employees follow the Clerical CBA and non-represented police and fire employees follow their respective CBA's. The City Administrator and Building and Code officials have been projected at zero percent annual wage increases for the 2013 through 2016 projection period.
- Employee Health Care Insurance. City employee and retire medical insurance expenditures are projected to increase at an annual rate of 6.6 percent for 2014, 7.0 percent for 2015, and 7.8 percent for 2016.
- Insurance Expenditures. Other major insurance costs are projected on a line-by-line basis.
- Capital Trust Fund. Transfers from the General Fund to the Capital Trust Fund for capital improvements are projected at \$50,000 per year through 2016.

- Pension Obligations. Municipal pension obligations are adjusted annually based on increased employee costs.
- Act 47 Emergency State Loan. The City has received two zero-interest Act 47 loans from the Commonwealth’s Act 47 Fund. The first loan was received by the City in September 2006 for \$700,000. As of November 2012, the City had an outstanding loan principal balance of \$315,000 on this 2006 Act 47 loan. The City received a second Act 47 loan for \$200,000 in December 2007. As of November 2012, the City had an outstanding loan principal balance of \$130,000 on this 2007 Act 47 loan. Repayment of both Act 47 loans is provided for by the City in its Debt Service Fund.
- Other Expenditure Items. Other expenditures were increased at various levels based on the Act 47 Coordinator’s historical data and trend analysis.

Projected Operating Budget Surplus/(Deficit)

This 2012 Recovery Plan Amendment provides the City with a long-term view of its projected operating budget performance and offers recommendations to eliminate any identified operating budget deficits. Based on the assumptions outlined above, Table 1 below illustrates the Act 47 Coordinator’s projections of the City’s operating budgets from 2013 through 2016.

Projected Operating Budget Surplus / (Deficit)
 City of Nanticoke
 2013 – 2016

Table 1.

	2013 <u>Projection</u>	2014 <u>Projection</u>	2015 <u>Projection</u>	2016 <u>Projection</u>
Revenues	\$4,845,116	\$4,864,392	\$4,888,373	\$4,912,646
Expenditures	4,853,200	4,824,024	4,933,108	5,018,144
Surplus/(Deficit)	-\$8,084	\$40,368	-\$44,734	-\$105,498

Although the City’s *proposed* 2013 budget is balanced at the time of the preparation of this 2012 Recovery Plan Amendment, the Act 47 Coordinator has made slight adjustments to the City’s *proposed* 2013 operating budget based on the Act 47 Coordinator’s assumptions outlined above. The 2012 Recovery Plan Amendment projects a small operating budget deficit for 2013 that is expected to be erased by 2014 and replaced by a surplus. However, the Act 47 Coordinator’s projections anticipate a \$44,734 operating budget deficit in 2015 that increases to \$105,498 in 2016. To eliminate these projected operating budget deficits the Act 47 Coordinator

recommends that the City shall, in consultation with the Act 47 Coordinator, examine the City's projected expenditures for means to reduce the City's expenditures in 2015 and 2016 through wage controls, expenditure cuts, health care contribution restructuring, etc. and/or generate sufficient revenue through tax or fee increases to eliminate the projected operating budget deficits. The Act 47 Coordinator will continue to monitor and inform the City of its actual operating budget performance and assist the City as it prepares a balanced annual operating budget for the ensuing fiscal years. Lastly, the Act 47 Coordinator recommends that the City shall not use any of the prior years' accumulated General Fund balance to eliminate the projected operating budget deficits. Any General Fund balance shall be reserved to address a fiscal year's unanticipated expenditures or revenue shortfalls and to provide for capital improvement projects.
